DD SuperLight Tarp

Ultralight

Stormproof

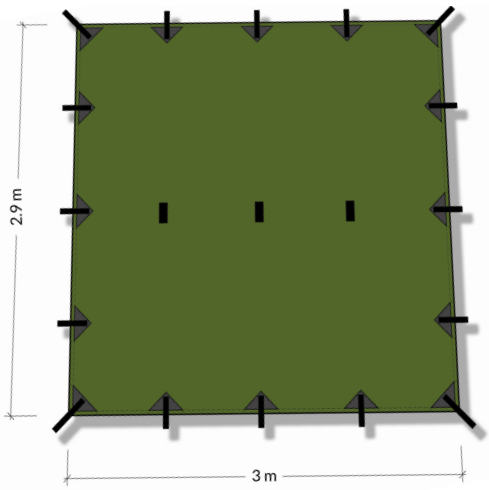

Compact

Versatile

The DD SuperLight Tarp offers 3m x 2.9m of fully stormproof coverage, yet is incredibly light - weighing only 490g (excluding pags & guy-lines). The light weight combined with a very small pack size means that it is ideal for long-distance expeditions where keeping weight low is a priority.

The material is fully stromproof owing to the waterproof PU coating and seam-taping, and are 19 strongly reinforced attachment points on the DD SuperLight Tarp, making it suitable for a huge variety of different configurations in all seasons.
