

DD Tarp XL

Spacious & stormproof shelter to provide extra coverage

Stormproof

Versatile

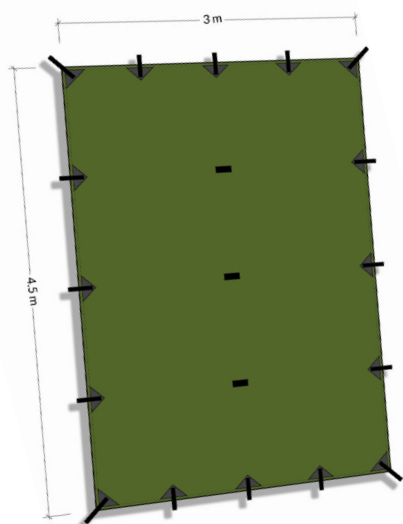

Spacious

19 Attachment Points

At a generous 4.5m x 3m, the DD Tarp XL provides ample storm shelter for small groups and solo campers alike. The added length provides greater coverage which is perfect for using in conjunction with larger hammocks such as the DD Frontline Hammock- KING Size, or for use as a spacious ground shelter by itself.

Whilst the tarp is lightweight and easily packable, it is also fully stormproof thanks to its 3,000mm rated PU coating and full seam-taping - suitable for use in all condition in all corners of the world. 19 attachment points around the edge and through the central ridgeline give maximum versatility for multiple set-up styles.

SIZE:

4.5m x 3m

PACKED SIZE:

26cm x 16cm x 4cm

WEIGHT:

1100g (tarp only)
