

Choosing Your DD Tent

DD Tents are all exceptionally lightweight and can be used to suit a variety of purposes.
 Tents of the same shape are designed to be compatible with each other as inner and outer layers;
 Those on the same row are easily set up together.
 You will require either 1 or 2 hiking poles / tarp poles for set-up (sold separately).
 Please see each tent's website listing for more details.

Intended Usage:	Suggested tent combinations and weights*: (Models in the same row can be used in conjunction or individually)		Capacity: Stated capacities take into account 1 average-sized camping rucksack per-person**
	Waterproof (outer layer)	Insect-proof (inner layer)
